**ALCOHOL AND TOBACCO
PRODUCT LOGISTICS**

Asstra Drinks & Tobacco Logistics Clients receive tailored logistics solutions that meet the stringent requirements and legal obligations involved in the transportation of excise goods.

Practical experience in import and export deliveries of alcoholic and tobacco products guarantees safe delivery to Asstra Clients in accordance with established deadlines and budgets.

Our strong relationships with international transport companies and excise warehouses creates help us provide safe, timely, and comprehensive services.

READY-MADE SOLUTIONS FROM ASSTRA

Imports to the CIS using road, air, rail and sea transport.

Transportation from the CIS to the EU Asstra's in-house customs support.

Delivery of temperature-sensitive goods in refrigerated vehicles or containers.

Insulation of containers to prevent products from thermal shocks during delivery.

Consolidation, labeling, warehouse handling and customs clearance of complete and groupage cargo at partner excise warehouses.

Cargo insurance against all risks with policies from European insurance companies like Basler Versicherung (Switzerland) and Aktiv Assekuranz (Germany).

BENEFITS FOR ASSTRA CLIENTS

COMPREHENSIVE SERVICES

Thanks to partnerships with reliable companies and excellent market intelligence, Asstra provides Clients with appropriate and cost-effective logistics solutions. Asstra acts as an additional guarantor to European Union authorities for the transit of excise goods across the customs territory.

SPECIALY ADAPTED ROLLING STOCK

For the transportation of alcohol and tobacco products, the Asstra team selects vehicles depending on the properties of the cargo and the needs of the Client. The vehicles used are equipped with tracking systems, alarm systems, additional locks, and electronic anti-theft devices like immobilizers.

RELIABILITY AND SAFETY

The safety of Clients' cargo is a top priority for Asstra. Therefore, the team pays careful attention to ensuring vehicle safety, carefully selecting contractors, properly planning routes, and making cargo trackable 24 hours 7 days a week.

AUTHORIZED ECONOMIC OPERATOR (AEO) STATUS

Thanks to our Authorized Economic Operator (AEO) status, you can register the transit of high-value cargo through the EU customs territory with our guarantee and without additional costs.
